

Family-friendly programming is hard to come by in this day and age. K-LOVE radio is the only radio station that I can leave on 24 hours a day, and not worry about my children hearing offensive language, music, or subjects. The effect on the local community would be devastating if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. This is the only radio station in the OKC-Metro area that is commercial-free and a POSITIVE influence on young people. Please do not allow LPFM to replace K-LOVE. Thank you.
